

ACACIA NURSERY HOME LEARNING

Summer Term – Week 3 – Understanding the World

Make a Wormery

Where do worms live? What do you know about worms? What can you find out? Can you make a worm home? The YouTube video below shows you how to make a wormery.

<https://www.bing.com/videos/search?q=making+a+wormery&docid=608026098697568740&mid=FBE08F1DAE8B2F50A9E1FBE08F1DAE8B2F50A9E1&view=detail&FORM=VIRE>

Bake some Bread

Can you make some bread? Can you knead the dough? Can you explain where flour comes from?

<https://www.bbcgoodfood.com/recipes/easy-white-bread>

Make your Flowers Change Colour

Learn about flowers and how they absorb water and liquids in this experiment. The YouTube video below explains how to carry out the experiment. Extension: Can you explain what happened and why?

<https://www.youtube.com/watch?v=eTvwpAWdmd0>

Make a Rainbow in a Jar

Find about different liquids and their densities and create a rainbow in a jar. Full instructions and list of resources you'll need are on the website below:
